<p>THIS WORK WILL NEED TO BE SENT TO YOUR CLASS TEACHER </p> <p>In this video lesson, you will be answering inference questions, we will go through some together and then you will work independently, using the A.P.E sentence stems. Click here for the lesson slides.</p> <p>Complete the quiz.</p> <p>Miss Shinmar's Group To explore character In this lesson, we will analyse Mulan as a character by analysing her character traits.</p> <p>Please login to Bug Club to read a book. Please read this book several times with an adult. </p>	<p>THIS WORK WILL NEED TO BE SENT TO YOUR CLASS TEACHER </p> <p>To revise and up-level your character description Join the Zoom call with your class teacher for this week's feedback and revision lesson. You can use the same Zoom link you use for all other class sessions. You will need to be prepared with: the draft of your character description (from Tuesday), a pencil and a coloured pen.</p> <p>Please also have open this character description checklist to support your editing.</p> <p>Writing lesson 6M Writing lesson 6S Writing lesson 6A</p> <p>Miss Shinmar's Reading Group (B2) To understand the two functions of apostrophes In this video lesson, we will look at the two types of apostrophes and when they are used. We will then focus on apostrophes for contraction and practise where to use them for different word combinations. The children will then have a go at contracting and uncontracting words where apostrophes are used.</p>	<p>THIS WORK WILL NEED TO BE SENT TO YOUR CLASS TEACHER </p> <p>Miss Naulls, Miss Panesar and Miss Virdee's Groups In today's video lesson, we will continue to work on using BODMAS to solve problems using the order of operations. You can follow along with the PDF here.</p> <p>Mrs Brown's Group In this lesson we will be using our skills in long multiplication to solve problems and applying the inverse operations to double check our calculations using the RUCSAC method.</p>	<p>THIS WORK WILL NEED TO BE COMPLETED ONLINE. </p> <p>What is special about Curitiba? In this lesson we will be learning about a Brazilian city named Curitiba. We will be learning about how it has become a 'green' city that includes innovative design and holds sustainability at its heart. You will need a piece of paper, a pencil and your brain.</p> <p>Please complete the quiz.</p>	<p>Miss Naulls and Miss Panesar's Group In today's video lesson, we will build on our knowledge of algebra by solving one-step equations ("solving for x"). We will also refresh on our knowledge of vocabulary and go over what we have learned so far. You can follow along with the PDF here.</p> <p>Miss Virdee's Group Comparing fractions with the same denominator In this video lesson, we will start to use pictorial representations to help identify and compare the size of fractions with the same denominator. We will then apply this learning to think more abstractly about what procedure is used to compare fractions with the same denominator.</p> <p>Mrs Brown's Group In this video lesson we are building on our work from yesterday; using algebra to solve problems algebraically. Click here for the lesson slides.</p>	<p>Buddhists Meditation In this video lesson we will be learning about meditation. We are going to learn about why Buddhists meditate, how they meditate and we are even going to practise some meditation ourselves. You will need a piece of paper, a pencil and your brain.</p>

Please photograph your work and send it to your class teacher using your class email address by 4:00pm for marking and feedback.
