Dear Parents/Carers

**Careers Programme at William Byrd Primary School**

At William Byrd, our goal is to expose children to a wide variety of careers and skills to ensure that they have the adequate information and experiences to prepare them for the choices they will make in the next stages of their education in life. This project was started through our partnership with PFAEY (preparing for adulthood from the early years). Our approach to careers education is multi-tiered:

- Explicit teaching about careers and educational pathways through our PSHRE lessons
- Explicit links to careers on all of our educational trips and visits
- Explicit links to careers in our foundation subjects
- Enterprise opportunities, internally and through the Heathrow B.E.E. programme
- A week-long careers week in Summer 2 with career visitors, application skills and money management workshops

Please keep an eye on our school website to find the most up-to-date information about the Careers Programme and upcoming Parent Workshops. An e-mail will also be coming out in Spring 2 to invite parents and carers to sign up to speak at our Careers Week, as the work you do with our community and beyond is valuable!

If you have any questions, you can contact myself, Careers Lead: Ms Malcolm-Naulls, I am supported by Personal Development and Careers Governor Subhaan Nizarali.
