

Results from March 2024 Parent Survey

Thank you so much to all of you who took the time to complete the Parent Survey – it really helps us to keep doing what’s working well for you, and make changes which will make a difference to you!

You said:

97% agree/strongly agree that your child is happy at this school

95% of you feel that your child feels safe at this school (3% of you are neutral about this)

93% of you agree that children at this school follow the guiding powers (2% disagree/strongly disagree)

3% Strongly disagree/disagree that when you have raised concerns the school has listened to your concerns – we’re really sorry to hear this and for those of you who put your name on the survey – we will be contacting you to see how we can support/ address this.

Here’s a snap-shot of how you can keep up-to-date with your child’s learning:

● School website	69
● Curriculum newsletter	53
● Instagram	22
● Parents' Evening	54
● Only by talking to my child	35

99% Agree/Strongly agree that you support your child's learning at home (reading daily/ downloading the learning journey/ using the curriculum overviews to support them in areas you know they'll be learning about/ supporting their times tables/ working on targets from the school).

70% of you have attended a parent workshop (PSHRE consultation/ e-safety/ phonics/ wellbeing/ watching my child's phonics etc) at William Byrd.

When asked if you would like more parent workshops you said:

Yes: 50%

No – there are just the right number: 45%

No – they are not useful 5%

If you can’t attend but want to, how can we support you:

Most of the answers to this involved you wanting a video of the workshop of having issues understanding the language.

When we run workshops we will start to video them or do an audio commentary over the powerpoint so we can share them. We will also share the powerpoint so that people can use translation software to translate them.

We asked, if you would like more parent workshops, what would you like us to cover?

You said:

Any workshop is a bonus but maybe for some behavioural issues to support more parents

Educational workshops related to healthy eating style and exercise for children on a daily basis

Maths lessons, to understand how you teach maths so I can do the same at home

How to support children at home with their education

Sports

Tools for teaching mathematics

Children development and their curriculum

Mental health

We have taken these onboard and will be in touch soon with our next set of workshops!

97% of you would recommend this school to other parents!

You gave us some really helpful feedback in 'how we can improve further' - watch this space – we will action as much as we can!

Thank you so much for taking the time to fill this in.

Many thanks,

Other comments:

I highly appreciate your love and kindness. I am agree whatever topics you choose.

Highly appreciated your hard work towards every child. Whatever topic you choose I am agree with it.
