

Dear Parents/Carers

Wednesday 27th March 2024

As some of you are aware we have had regular meetings regarding how we can keep our neighbourhood safe for our children.

We have had an update from School Travel and Road Safety Team, who have informed us they will be adding new school signs in designated areas and a raised table as a speed calming measure. Please see below:

1. Lamppost on Cranford Lane at the junction with High Street and Sipson Lane:

2. New post on Sipson Lane at the junction with Hudson Road (this is where there will also be a raised table put in as a speed calming measure):

3. Lamppost on the High Street at the junction with Manor Lane:

We are unaware when this work will take place but they have reassured us it will be installed in due course. Unfortunately, it is difficult to give an exact date on completion.

Yours sincerely
Ms N Edwards
Head of School
