

# Commutativity

I can show that multiplication is commutative and division is not.

1. Write 2 multiplication sentences and 2 division sentences to match this array.

$$\underline{\quad} \times \underline{\quad} = 18$$

$$18 \div \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = 18$$

$$18 \div \underline{\quad} = \underline{\quad}$$

2. Can you make an array to match this sentence?

$$3 \times 5 = 15$$

Can you write extra sentences to match this?

$$\underline{\quad} \times \underline{\quad} = 15$$

$$15 \div \underline{\quad} = \underline{\quad}$$

$$15 \div \underline{\quad} = \underline{\quad}$$
